COMMON CHALLENGES LABORATORIES FACE

REAL-TIME
SAMPLE MONITORING

MEDICAL NECESSITY
TRACKING

SOFTWARE INTEGRATION
CAPABILITIES

DATA MANAGEMENT
ACROSS MULTIPLE SYSTEMS

VERIFICATION OF BENEFITS
TRACKING

CUSTOMIZABLE USER ROLES
AND DASHBOARDS

THE SOLUTION?

LIVE SAMPLE MANAGEMENT

Secure and intelligent cloud-based **Live Sample Management (LSM)** application that provides efficient laboratory management and patient care by enabling real-time communication, capturing client and patient information, insurance documentation, and sample monitoring, all while delivering real-time data access.

Laboratory Billing Module:

An extensive suite of features that allow for internal management of billing records and collaboration with RCM companies. It's a HIPAA-compliant, cloud-based system that can track the progress of claims, display denials and payments, and provide advanced data to facilitate early and informed decision-making.
